Once again, we have the innocent suffereing. XM radio has been and will continue to be a lifesaver for many truckers, who are the majority of subscribers (meaning we pay for the service!). Weather, road conditions are vital to the American Trucker, XM provides service to make the roads safe not only for us, the truckers, but you the citizens who travel as well.

I strongly urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve and already pay for.
